

## ✈ Online Form - Stage 2 Swallow Rock Excursion

<b>Activity Name:</b>	Stage 2 Swallow Rock Excursion
<b>Date/Time:</b>	Thursday 12 December 2024 10:00am - 3:00pm
<b>Description:</b>	Years 3 and 4 students will be walking to Swallow Rock Reserve in Week 9 as a celebration of learning. This year, all Stage 2 classes have been reflecting on their strengths and yet-to-be strengths using the Learning Disposition Wheel. We would like to take the opportunity to link what they have been practicing in areas such as Teamwork, Grit, Curiosity, Making and Expressing Meaning and Building New Ideas and link them to their studies in other learning areas. In Geography students have been studying the Earth's Environment and in Science there has been a focus on experimenting with light, friction and gravity. We will be revising and linking all of this information through a range of team building activities on our excursion.
<b>Venue:</b>	Swallow Rock Reserve (Swallow Rock Drive, Grays Point)
<b>Transport:</b>	Walking
<b>Dress Code:</b>	Full school sports uniform, comfortable closed-toe walking shoes and school hat.
<b>Food:</b>	Please bring fruitbreak, recess, lunch and a water bottle in a small excursion bag.
<b>Additional Information:</b>	Teachers will be providing an iceblock to each student on the day. Please email the school if you do not want your child to have an iceblock.
<b>Due Date:</b>	Tuesday 10 December 2024

\* indicates a required field

I have read the above details and give consent for my child, to attend the Stage 2 Swallow Rock Excursion \*

☐ Yes ☐ No
